

Organizing committee:

- Michał Kubecki, PhD, Eng.
Łukasiewicz – Upper Silesian Institute of Technology
- Jacek Anyszkiewicz, PhD, Eng.
Łukasiewicz – Institute of Non-Ferrous Metals
- Tadeusz Gorewoda, PhD, Eng.
Łukasiewicz – Institute of Non-Ferrous Metals
- Dagmar Krucinová, Eng.
2 THETA
- Sylwia Borowik, PhD
Łukasiewicz – Institute of Non-Ferrous Metals
- Wioleta Rakowska, Msc
Łukasiewicz – Upper Silesian Institute of Technology
- Anna Pietrzak, Msc

Outline programme

What we have prepared for you:

- A rich substantive program including plenary lectures by experts.
- Practical workshops and presentations of modern equipment.
- A poster session..

The conference program will consist of presentations [15-20 minutes] delivered by participants, invited guests, and company representatives.

May 25, 2026 (Monday)

- Registration of participants from 9:30 AM
- Lunch – Opening of the Conference – Lectures – Discussions – Equipment Workshops
- Gala Welcome Dinner

May 26, 2026 (Tuesday)

- Lectures – Discussions – Poster Session
NEW Workshops: Take care of your mind, master your relationships
- Grill dinner

May 27, 2026 (Wednesday)

- Lectures – Discussions – Closing of the conference at 1:30 PM

Research Group: Analytical Chemistry
Łukasiewicz – Upper Silesian Institute of Technology, PL | git.lukasiewicz.gov.pl

Centre of Analytical Chemistry
Łukasiewicz – Institute of Non-Ferrous Metals, PL | imn.lukasiewicz.gov.pl

ANALYTICAL CHEMISTRY IN INDUSTRY

May 25-27, 2026

**Ustroń, Hotel Diament
Poland**

METHODS FOR CHEMICAL COMPOSITION ANALYSIS OF RAW MATERIALS, PRODUCTS, AND INDUSTRIAL WASTE.

CHEMICAL AND PHYSICOCHEMICAL METHODS OF TECHNOLOGY CONTROL.

WORK ORGANIZATION, SAFETY, AND QUALITY ASSURANCE IN ANALYTICAL LABORATORIES.

CERTIFIED REFERENCE MATERIALS FOR CHEMICAL COMPOSITION.

Conference topics

WHO IS IT FOR?

- Analytical laboratories from industry and beyond.
- Scientific and research units (institutes, universities).
- Industry representatives (e.g., materials engineering, metallurgy, aviation, recycling, automotive).
- Young scientists and PhD students.
- Certification institutions, implementation units.

22nd International Conference: Analytical Chemistry In Industry

- ENABLES:**
 - exchange of invaluable experience and knowledge in the field of practical analytical chemistry,
 - presentation of your research results in a special panel: "lectures in a comfortable atmosphere".
- CONNECTS:**
 - analytical chemists, scientists, and industry representatives, creating a unique platform for dialogue and synergy between science and business.
- INSPIRES:**
 - to implement innovative solutions that realistically increase the competitiveness of laboratories.

WANT TO PRESENT A PAPER?

Write to us:

marketing@git.lukasiewicz.gov.pl – prześlemy wytyczne.

We have also planned a **Panel for Beginners**: "Lectures in a comfortable atmosphere".

Present without stress – start your speaker's journey among friendly experts.

Publication of papers:

Selected works will be published in the journal "Materials Science and Welding Technologies" [ISSN 2956-9275].

FEES

Application and payment	First person	Next person from the same company
1st registration round (Feb 25 – Apr 10, 2026)	710 EUR	- 5%
2nd registration round (Apr 11 – May 12, 2026)	770 EUR	- 5%
Conference fee for speakers/posters (Feb 25 – May 12, 2026)		650 EUR

Prices are NET amounts; 21% VAT should be added.

The conference fee includes:

- accommodation in a single room with meals, parking, and access to the SPA & WELLNESS Zone,
- participation in lectures, conference materials, and certificate,
- participation in accompanying events.

ADDITIONAL INFORMATION

Cancellations:

- Up to 3 weeks before – no costs;
- up to 2 weeks – 50% costs.

Extra night:

Possible at Hotel Diament (May 24/25) for an additional fee. Use code **AH26** for a 15% discount.

Company Participation

Company stands available throughout the conference. 10-minute presentations included in the program.
